

Sustainable Packaging Made of PE Mono-Material

Recyclable packaging is becoming more and more an important part of the packaging market. Stricter legal requirements as well as an increasing demand from filling companies require the conversion to mono-material packaging. To meet these requirements, we have developed 4 new products made of PE mono-material.

wipf 
recyclable

PE Monomaterial Stand Up Pouch with Spout

FEATURES

Material: Monomaterial OPE/PE (transparent)	✓
Material thickness: 25/90 µm	✓
Well recyclable laminate	✓
Possible with and without spout	✓
Good drop test resistance	✓

PE Monomaterial High Barrier Laminate for FFS Machines

FEATURES

Material: PEsiox/PE	✓
Material thickness: 32/75 µm	✓
Very good oxygen barrier	✓
Available as roll stock	✓
Suitable for FFS machines	✓
Suitable for W106, W116, W206 and W216 valves with ultrasonic sealing	✓

FACTSHEET

PE Monomaterial Stand Up Pouch with Zipper

FEATURES

Material: HDPEsx/PE	✓
Material thickness: 32/100 µm	✓
Reclosable and with window	✓
With high oxygen barrier	✓

PE Monomaterial Stand Up Pouch without Zipper

FEATURES

Material: HDPEsx/PE	✓
Material thickness: 32/100 µm	✓
With window	✓
With high oxygen barrier	✓
